

China's #1-ranked female DJ, LIZZY to release new single 'Tonight' featuring Hong Kong break-out artist SHIMICA

Release is the first-ever in the 'Mixmag Asia Selects' series, featuring exciting new dance music from Asia

Hong Kong— May 15, 2020

Mixmag Asia is pleased to announce the launch of its new series of exclusive singles, *Mixmag Asia Selects*. Every few months, Mixmag Asia will release an exclusive, curated track representing some of the most exciting DJs and Producers coming out of the region. Whether House, Trance, D&B, Bass or further afield, Mixmag Asia will seek to shine a light on the most interesting music being produced across Asia - the fastest growing Dance music market in the world.

Jonathan Serbin, CEO of Mixmag Asia stated, "We are thrilled to announce the release of the first track in *our Mixmag Asia Selects* series. China's LIZZY is one of the most exciting producers in the region. Recently ranked by DJane Mag as the #1 female DJ in China, this new Psy-Trance track shows a different side of her personality. It's an exciting ride. Featured on the track is gifted Hong Kong singer-songwriter SHIMICA, one of the top emerging artists-to-watch from the region. We are proud to present this collaboration, highlighting the amazing music being produced in Asia."

LIZZY said, "I'm so happy to work with Mixmag Asia and to release *Tonight* as the first song in their Selects series. Everyone knows that Mixmag stands for the best in dance music, worldwide. It's an honor to be 'selected' to be a part of this. I'm really excited about this track...I think it shows my fans something new, and SHIMICA just blew it away with her vocals. What a treat to work with her!"

SHIMICA added, "I'm so excited how this track turned out. LIZZY's music just spoke to me, and we came up with this really fun, soulful number. I really hope the fans will love it as much as I do. I'm excited to work with LIZZY, and to release this with Mixmag Asia."

Tonight will be released by b2 Music, the record label of b2 Talent Asia, on May 15 throughout the world. Check for it on iTunes, Apple Music, Spotify and your usual platforms.
